**ADDITIONAL INFORMATION SUPPORTING NJD** (e.g., paragraph 1 – site conditions; paragraphs 2-3 – rationale used to determine NJD, including information reviewed to assess potential navigation or interstate commerce connections; and paragraph 4 – site information on waters of the U.S. occurring onsite): The site is currently an alfalfa hay meadow located within the city limits of Vermillion, SD. A site visit was conducted and no outlet to other waters of the US were seen. The site is not capable of supporting navigation, and the current land use on the site provides no apparent interstate commerce connection for this wetland. There are not any waters of the US located on the site.
